Dear Mr. Morehouse,

Thanks for your letters and reports. I am sorry that I did not write to you sooner, but I have been very busy for the past few months. I must admit that I haven't observed at all for some time now --- but I hope to change that soon.

This "advanced time" always creates a lot of trouble, and I wish that it had never been invented. I guess that I just missed you at the bus station, as my bus left at 6:30pm E.D.T. I suppose we could have met in Ottawa, as I was there for some time.

Best regards, and good observing,

Jim Low
