Subject: Comet and Nova Section
Announcement # 10.
RUSH

Dear Mrs. Fidler,

Enclosed is a copy of "Announcement #10" of the Comet and Nova Section, along with the mailing list. Would you please have it edited and mailed out as soon as possible. It should be noted that speed is important for announcements, for it will lose its value if there is much delay.

In the past, the Montreal Centre printed my announcements, but I understand that the National Society would prefer that all printed literature pass through Toronto.

By the way, if you receive more information on these comets before the announcement is printed, you may add it (making note of such a fact).

Best regards,

Jim Low, National Coordinator
Comet and Nova Section,
S.C.O.A., R.A.S.C.

cc. Miss I. K. Williamson
