

COMET + NOVA.

Gary Drouin,
2815 Curry Ave.
Windsor 21, Ont.

Dear Sir,

The Windsor Astronomical Klub is a new and very young organization. We are at present small in number but very strong in practical observations of astronomy. We are all between the ages of 14 to 17. We also have an observing program and we would like to contribute. Many of us are members of the R.A.S.C. (Windsor center). We would appreciate it if you would send us some information of what exactly you want from our observations. You can be sure that we will give you our full co-operation. Thank you.

Yours truly,

Gary Drouin..

P.S. We have in telescopes two 10" reflectors
two 6" reflectors
one 8" reflector
and many 4" and 2".
