NOTES.

Discussion is invited on the subject matter of each
paper and on other timely subjects. This often is a
very interesting feature of the evening.

The society issues a bi-monthly *Journal*, containing
papers presented to the society, astronomical pheno-
mena and other interesting features. All publications
are free to members.

Miss Louise Mason, Assistant Librarian, will be
in the Library on alternate Tuesday evenings, and on
other days from 9 a. m. to 1 p. m.

Those interested in Astronomy or Astronomical
Physics are eligible for membership.

Annual Fee - - \$2.00.

*The opening meeting will be held in Mining
Building of the University of Toronto, head of
McCaul Street.

Professor Alfred Baker, Chairman.
